

Confused About Where to Go for Care?

SmartER CareSM options may save you money.

If you aren't having an emergency, deciding where to go for medical care may save you time and money.

You have choices for where you get non-emergency care — what we call SmartER Care. Use the chart below to help you figure out when to use each type of care.

When you use in-network providers for your family's health care, you usually pay less for care. Search for in-network providers in your area at https://mybenefits.county.org. Select Get Connected and click on the Blue Cross and Blue Shield link. Use the information on your member ID card to complete the process. You may also call the Customer Service

number on the back of your member ID card.

Hospital ER

- · Open 24 hours, seven days a week
- Average wait time is 4 hours, 7 minutes⁴
- If you receive care from an out-of-network provider, you may have to pay more. Providers outside the network may "balance bill" you, which means they may charge you more than your health plan's fee schedule.
- Multiple bills for services such as doctors and facility

Freestanding ER

- Open 24 hours, seven days a week
- Could be transferred. to a hospital-based ER depending on medical situation
- · Services do not include trauma care
- Often freestanding ERs are out-of-network. If you receive care from an out-of-network provider. you may have to pay more. Providers outside the network may "balance bill" you, which means they may charge you more than your health plan's fee schedule.
- All freestanding ERs charge a facility fee that urgent care centers do not. You may receive other bills for each doctor vou see.5

24/7 Nurseline²

The 24/7 Nurseline can help you identify some options when you or a family member have a health problem or concern. Nurses are available at **800-581-0393**, 24 hours a day, seven days a week, to answer your health questions.

Urgent Care Center or Freestanding ER

Knowing the Difference Can Save You Money
Urgent care centers and freestanding ERs can
be hard to tell apart. Freestanding ERs often look a lot
like urgent care centers, but costs may be higher.
A visit to a freestanding ER often results in medical
bills that may be 10 times the rate charged by urgent
care centers for the same services.³ Here are some
ways to know if you are at a freestanding ER.

Freestanding ERs:

- Look like urgent care centers, but have the word "Emergency" in their name or on the building.
- Are open 24 hours a day, seven days a week.
- Are not attached to and may not be affiliated with a hospital.
- Are subject to the same ER member share which may include a copay, coinsurance and applicable deductible.
